

## 2023 Training Overview and Fee Structure

### Aviation Diploma: AVI50519 Diploma of Aviation (Instrument Rating) - Short course

#### Overview:

The Diploma (short course) offered by Redcliffe Aero Club provides students with an integrated program of theory and practical flight training to obtain a Multi Engine Aeroplane Instrument Rating.

The short course is designed for students who already hold a Commercial Pilot Licence. For students who do not already hold a CPL will undertake the full Diploma program.

#### Duration:

The course duration is generally 3 months. Students are required to attend a minimum of four days per week (Monday to Sunday) for the duration of the course except for ground school phases which require five days a week attendance (Monday to Friday).

#### Course Structure:

The course contains a single phase of training which encompasses:

Phase 6: The final phase of training includes Night Flying, Multi Engine Class Rating and Multi Engine Instrument Rating (12 weeks)

#### Course Costs:

Phase 6:	\$41,735.09
Total course fee	<b>\$ 41,735.09</b>

Students who meet the eligibility criteria can obtain funding for the course costs through a VET Student Loan.

#### Aircraft:

The Redcliffe Aero Club conducts training in Cessna 172S, Cessna 182, Vulcanair PN68 and Cessna 310 aircraft, and a DCM MAX NG Flight Simulation Training Device (FSTD).
