

## COST SUMMARY

### Instrument Rating - Multi Engine Aircraft

After achieving the Private or Commercial Licence, pilots often seek to improve their skills or for Commercial Pilots to better their employment prospects by undertaking Instrument Rating training. The instrument rated pilot can conduct flying operations in a single or multi engine aircraft under the Instrument Flight Rules (IFR), in conditions that would make visual flying (VFR) impractical. Pilots will learn the theory and regulations of the IFR, flight planning, en-route procedures and all instrument approach procedures such as the RNAV GPS and ILS approach.
