Dear Secretary,

I Ashleigh Hodge, am a graduate of Redcliffe Aero Club. I received training for the granting of AVI50415 Diploma of Aviation (Instrument Rating) during 2018.

The high quality of the training I received combined with the reputation of the Redcliffe Aero Club within the industry in producing professional pilots ready for employment led to me gaining my current position as a pilot flying for Wrightsair based in William Creek South Australia.

The professionalism and high standards which are displayed by all at Redcliffe Aero Club, including administrative, executive and instructional staff, sets them apart from other flight colleges I have encountered. They are all truly exemplary role models and mentors. I have always received positive comments from other pilots when I tell them I trained at Redcliffe Aero Club.

Relocating interstate in order to train at Redcliffe was not a decision I took lightly, it has however proven to be one of the best decisions I have ever made. From day one I was supported through my training. My training was individual to my needs, not a one size fits all approach. I have no doubt the practical career advice and unending encouragement and support I received throughout my training helped me achieve my dream first job.

I can be contacted by email or mobile as detailed above to verify the information contained in this letter of support for the Redcliffe Aero Club.

Yours faithfully,

Ashleigh Hodge
