

The Secretary

Department of Employment, Skills, Small and Family Business

10-14 Mort Street

Canberra ACT 2601

Dear Secretary,

I Peter Headley, am a graduate of Redcliffe Aero Club. I received training for the granting of AVI50415 Diploma of Aviation (Instrument Rating) during 2017-2018.

The high quality of the training I received combined with the reputation of the Redcliffe Aero Club within the industry in producing professional pilots ready for employment led to employment in the General Aviation sector in the Northern Territory. I have since been employed as a line pilot with a reputable charter and scenic company within the Kakadu National Park.

I am very satisfied with the professional training I received at the Redcliffe Aero Club and without this training, I would not have likely been able to complete my studies and seek employment as a pilot. There are very few flying schools left in the greater Brisbane area that have the reputation that Redcliffe Aero Club has. Having been employed now for some time, it was quickly apparent the standards of some flying schools are having a detrimental effect on the GA industry. Redcliffe Aero Club is recognised as having a higher level of students who are proficient and ready for employment as a line pilot in the GA world.

As such, I can strongly endorse the Redcliffe Aero Club continue to provide exemplary training to upcoming pilots.

Yours faithfully,

Peter Headley

Line Pilot
